

June 23, 2021

To all Visitors

## **In Response to the COVID 19**

Our facility will be implementing the following measures in response. The same measures apply to those bringing Maquette, their escorts, and collaborators.

The same measures apply to those who have already been vaccinated against COVID.

Thanking you in anticipation of your understanding and cooperation in this regard.

### 1. Before visiting

- If you are experiencing a fever or cough, or if you are feeling unwell or in case a family member living with you has a fever, please refrain from visiting us.
- If you are able to talk to us by phone or email, you are advised to choose that method instead of visiting us.

### 2. When visiting

- Please wear a mask when you visit
- Hand sanitizer and non-contact thermometer are available in front of the entrance, so please cooperate in disinfecting your hands and checking your temperature when entering the building.
- If you have a fever, you may not be allowed to enter the building.
- Please disinfect your hands often with the hand sanitizer which is allocated at each location.
